

A Central American migrant child waiting to be transported in an I.C.E. vehicle.

“The women also spoke of being demeaned and humiliated by Immigration and Customs Enforcement (I.C.E.) and Border Patrol agents. They were called ‘filthy’ and ‘disgusting’ and were told they would never see their children again.... Every time they spoke about their children, they wept. The children were taken from them without even a chance to say goodbye. The vast majority of them still do not know where their children are, and not a single one of them had spoken to their child.”

US Representative Pramila Jayapal, reporting on a meeting with women seeking asylum who had been detained and separated from their children by I.C.E.

As of June 16th, over 2,700 young children have been forcibly separated from their parents by I.C.E. and Border Patrol and held in child detention centers. Formed in the panic after 9/11, I.C.E. is a blunt instrument in the War on Terror that has evolved into a terror organization itself. A 20,000 person paramilitary force, supported by an \$8 billion annual budget, ICE is in charge of 200 detention centers which hold up to 40,000 people. Prior to I.C.E.’s formation in

2003, immigrations enforcement was performed by Immigration and Naturalization Service (I.N.S.) at a fraction of the cost with a fraction of the deportations and detentions.

Let’s restore compassion and humanity to our immigration system. ABOLISH I.C.E.
